Peace, Sweet but Dear—Big Theft—A Railroad and Street Car Wheel.

The Candidates Meet—The Buffalo Story—The Rebels Routed—General News.

The Lie Told.
CHICAGO, July 31.—The following, which explicitly explains itself, is of vital interest just now, as it completely demolishes the scandalous lies which have been paraded for several days by the Blaine organs with shameless indecency. It is in answer to a private letter sent from this city:
"Dear Sir: Yours of the 24th inst. received, and we thank you for your manifested interest in Governor Cleveland's behalf. With reference to the reports about Governor Cleveland, you can say, and with positive truth every time you say it, that the story about 'Rev.' Ball's signature, and the other reports about Cleveland's immorality, are false. The 'Rev.' Ball was an ardent supporter of Cleveland during the gubernatorial campaign, and was paid for his work. We understand, however, that he was disappointed about some position, hence the 'Rev.' and dirty work unbecoming any man, whether he wears the cloth or not. 'Rev.' Ball's article has no weight in this place, where he is known. The story as published is false, absolutely so, and will be met in due time. Cleveland will carry Buffalo by 5,000 or 8,000 majority, and New York state by at least 25,000, and in all probability considerable more. He is a man whose social or public life has never been marred to prevent his associating with and having the confidence of the best people in Buffalo. And if elected, which he surely will be, the United States will have an upright, honest, fearless president. Yours truly,
C. W. McCORMACK,
President Erie Company.

The Two Nominees to Meet.
ALBANY, July 31.—Thomas A. Hendricks will arrive here this afternoon from Saratoga on a visit to Governor Cleveland. Mr. Hendricks will be met at the depot by Governor Cleveland's private secretary, Colonel Lamont, and will drive to the executive mansion. The candidates have never met each other. Governor Hendricks will lunch with Governor Cleveland and will return to Saratoga this evening, where he will probably remain a fortnight. He will be accompanied here by Colonel Bannister, of Indiana.

THEY MEET.
Governor Hendricks, accompanied by Col. L. E. Bannister, of Indiana, and Judge George W. Cochran, of Chicago, arrived at 2:20 p. m. from Saratoga. After a short stop at the Delavan, carriages were taken for the executive mansion where Governor Hendricks met Governor Cleveland. The meeting was cordial. Governor Hendricks returns to Saratoga at 6 p. m.

PAYING THEIR RESPECTS.
ALBANY, July 31.—Among the large number of visitors at the executive chamber to-day were Judge Kinne, of Iowa, C. O. Burns, of Kansas, and M. S. McCormick, of Dakota.

The rebels were driven completely out of the province and Dongola is now safe and tranquil. A messenger from Gerdan arrived with a letter for the mudir and is awaiting a reply.

HUMAN HEARTS

Will Cry Out in Sympathy With the Poor People in the Cholera Infected Districts.

A Poor Boy Dies Alone and His Father Wheels the Body to the Cemetery.

The Reason for the Opposition to the Doctors Being All the Result of an Essay.

The Cholera.
MARSEILLES, July 31.—The lower classes dislike and oppose the physicians because they have gotten the notion that physicians have been instituted to help the cholera along in order to get rid of the surplus population. A paper read by a medical man in Berlin, lauding the cholera as sweeping off beings unfitted for the struggle of existence, has been widely reproduced in France and has helped to prejudice the people against the doctors and to confirm them in the belief that the government has adopted views similar to those of the Berlin essayist. An instance of the popular hostility towards physicians occurred in this city yesterday. A doctor was going into the slums to attend a patient when he was confronted by a party of the sick man's neighbors with knives who chased him away and prevented his ministering to the sufferers.

A WHEELBARROW FOR A HEARSE.
AYLES, July 31.—It is said an incident in connection with the cholera panic happened recently near this city. A lad at work on a farm was seized with vomiting. The farmer refused to allow him to enter the house and the poor fellow died in the field without care and alone. When the father arrived he was not permitted to place his son's body in a stable, but was forced to leave it in the open air while he went to town to procure a coffin. He then conveyed the body in a wheelbarrow to burial. The authorities refused assistance and the father finally was compelled to bury the body in a cemetery alone.

SIX THOUSAND PRISONERS QUANTINATED.
ROME, July 31.—Six thousand persons are detained in various lazarettos on the frontier and along the coast.

LIXON, July 31.—The port of Pnelva, Spain, is declared infected with cholera. The ports between Cadix and Aymante, both inclusive, are also suspected of being infected.

The trial of the suspected dynamiters, Daly and Egan, continues to-day at Warwick. The same precautions are taken to guard the court as yesterday. He knew no use, scientific or practical, for such bombs, except to take life.

Quite a sad accident occurred at New Haven last evening. A young boy named James Lahay jumped on a Nickel Plate train at the Wabash crossing and rode to the station, intending to return on another freight train standing on a side track, some distance east of the depot. Myers was called to New Haven and amputated the crushed limb. The boy will live.

Henry and Mrs. R. F. Henry, of Hunt-
ington, were in the city today.

The people of Rome City are displeased
with the Assembly. Too many formal-
ties were required to suit the Romans.

The excursion of the police netted
enough to purchase uniforms for the
peelers and leave a handsome sum in the
treasury.

The grand jury is grinding away and
John M. Houch sits in the hall way to
guide witnesses into the august presence
of the tribunal.

The Fort Wayne ball tossers all wear
an appropriate cravat in memory
of John McDough, who died at Mt.
Clemens last week.

John C. Spencer, the youth who used
himself up and was recently adjudged
insane, will be taken to the insane asy-
lum at Indianapolis.

Wm. Phillips, from Ohio, came out to
do our town. He jumbled under a few
drinks of whisky and is now sobering off
on the stone pile of the jail.

the Trinity Methodist church, will give a
social at the residence of O. P. McKinley,

zation which took place in the old To-

Rapids and Indiana road will put on a

six hours.

The farmers of Wells county, which is
known as a great corn county, it is esti-
mated by good authority, have paid out
\$150,000 for corn since last fall. Usually
the farmers of that county sell \$200,000
worth of that cereal and the failure of
last year's crop thus was a loss of \$350,-
000 to the county.

Christian Elks surrounded too much
corn juice last night and fell into the
urns of a tired pugilist. Christian was
fined \$10.50, which he promptly paid,
and left to drown his agony in Barrstreet
lodge. Last night Elks had a case of
snakes at the calaboose and had to be dosed
with whisky. For a while he had a big
menagerie and shook like an aspen leaf.

A wreck occurred on the Lake Shore
road yesterday morning, five miles west
of Elkhart, one freight train running
into the rear end of another, the fog be-
ing so thick the engineer was unable to
see the light. The caboose was com-
pletely demolished and a young man,
Thomas Slack, of Laporte, killed, being
literally cut to pieces. The trainmen
saved their lives by jumping, but three
of them were somewhat injured.

The electric lights were sparking again
last night. To-morrow night the gas
will be shut off.

The two daughters of Mrs. Savilla

trary Kid Baldwin, the pinkest and
best catcher in the Northwestern league,
has joined the Kansas City Union, and

An ash pole will be raised in front of
Besch's second hand store. This is the
business the *Gazette* blasted yesterday
and said it was an "appropriate place."

The *Gazette* then thought it was a dem-
ocratic pole.

A vote was taken on the excursion
train yesterday by Frank Jones. It re-
sulted: Cleveland 140, Blaine 67, Butler
7, St. John 8, Healy 2, Shober 1. Mr.
Cleveland's vote was hailed with three
hearty cheers.

Hon. Wm. Fleming has returned from
Indianapolis where he attended a meet-
ing of the state central committee. Mr.
Fleming, who is never over-confident,
says he never saw the representative
men of the party so confident of success
and he came back impressed that there
is not enough power in the land to defeat
the democratic party in Indiana this fall.

The *Bluffton Chronicle* says that
"John Sale, formerly of that place, but
now of Fort Wayne, is extensively
engaged in the cattle business in
Kansas. He owns about 1,600 acres
of land in Kansas worth from \$10 to \$40
per acre and has four hundred head
of cattle. He sold one hundred head last
year which brought him the sum of \$7,000.
His brother, Dennis Sale, is looking after his cattle interest
in Kansas."

Kendallville News: "Tom Ricknell, of
Fort Wayne, was in the city a few hours
last Saturday. He met quite a number
of his old acquaintances—John Gal-
lup and W. B. Miller went to Fort
Wayne last Wednesday and gave the or-
der for 130 first voters uniforms. The
uniforms arrived last Saturday.—Mr.
Perry Randall, of Fort Wayne, was in
our city last Saturday evening. He re-
ports the feeling for Cleveland and Hen-
dricks at Fort Wayne and many other
places which he has visited since their
nomination immense and predicts their
success."

The supporters of the Plymouth Con-
gregational church did not take final ac-
tion last night, but it is settled the mem-
bers will call Rev. Mr. Hazeltine, of
Massachusetts, to succeed Rev. J. M.
Seymour. Rev. Hazeltine is about forty
years of age, married, and is a cousin of
Rev. S. A. Northrup, pastor of the First
Baptist church. He is now settled in
the hills of Western Massachusetts
pastor of a flock that has thriven in
Christian grace. He is represented as
being an earnest, logical and eloquent
advocate of the doctrines of the Con-
gregational church, a gentleman of classical
and of profound literary acquirements.

The police have reason to be proud of
their excursion to Sylvan lake. The
party had a great time and while the
hours away boating, dancing, fishing and
courting. Not a disturbance or accident
marred the pleasure of the occasion at
the lake and most of the crowd returned
on the early train. The party that re-
mained is entitled to the biscuit. Beer
flowed like water over the Niagara and
the town was highly varnished before
the late train came in. The dancing hall
was patronized and dizzy females were
whirled about by dissolute youths and
naughty married men. Altogether the
evening festivities were recheche and
so laden were the girls with the pleasures
of the occasion that carriages had to be
telegraphed for to meet them at the de-
pot. En route home the car lights were
extinguished and love feasts prevailed.
THE SENTINEL evangelist viewed the scene
from a Pullman car smoking room and
was shocked.

LIGHTNING AND LIQUID WRATH.

A Furious Cloud Forms Near Rome City
and Sweeps Southwesterly Through
Fort Wayne—Henry Gerke Killed
by a Lightning Bolt—The
Excursion Train Near-
ly Swept From
the Track.

Shortly before 7 o'clock last evening a
black, funnel-shaped cloud formed di-
rectly over Sylvan Lake at Rome City
and terrorized pleasure seekers pulled
for the shore with might and main. All
but a few got in before rain fell in tor-
rents and lightning darted to and fro.
The storm did not continue long as the
cloud moved southeasterly with great
speed. The rumbling noise of the cy-
clone resounded on the lake and made
the situation more furious. On the
storm swept and at Wallen station it
overtook the excursion train, nearly
sweeping it from the track. Lieut.
Frank Wilkinson says he expected the
whole business to go into the ditch. Mr.
Wilkinson describes the approach of the
storm: "I was on the platform when the
cloud approached. I made up my mind
it was death for the whole train load and
rushed into the car where my wife was
to close the window. A minute after-
wards the gale struck us and every light
in the train went out. The rain poured
in through the ventilators and women
and children screamed. The situation
was frightful and I never want to see it
again. We were not long in the storm,
but every second seemed an hour. A
few men stood on the platforms when
the cloud approached, and one of them
said he came as near being hurled off the
train as any one could without falling."

About 7:30 the storm reached here,
but the cloud was scattered and much of
its fury exhausted. Signs were battered,
chimneys blown off and trees twisted
from their roots. The air was heavily
charged with electricity and the light-
ning flashed fierce and fast.

During the storm Henry Gerke, who
lives at 161 Gay street, in the Seventh
ward went to close the stable door. Scarce-
ly had he touched the latch when night-
ingale bolt struck him and killed him in-
stantly. His body was not shattered,
and the heart must have been paralyzed.
His wife and children were shocked by
the lightning stroke and it was Mrs.
Gerke who found her husband. Mr.
Gerke was an assistant on a steam planer
in the Pittsburg ship and an excellent
citizen, whose aid and aid is universally
murmured. Mr. Gerke is nearly related
to the Lafayette street grocer, and to all
the people bearing the name of Gerke
living in this county. He was a brother-
in-law of J. P. W. Meyer, the druggist,
and of August Franke, the water works
engineer. His age was forty-two years
and he leaves a wife and eight chil-
dren. Coroner Dinnen returned a ver-
dict that death resulted from an electric
shock.

MAGINAW SCOOPED.

The Home Nine Took to the Michigan road
and Dr. Ems Up by a Score of 5 to 3—
A Fine Game.

Notwithstanding the excursion of the
policemen and the fact that Dr. Light-
ning held forth just south of the ball
grounds, there was a good-sized crowd
in attendance to witness the first game
of the Fort Wayne base ball club after
an absence of about six weeks. The
audience witnessed about as fine a game
as has been played here this season, the
playing of Toffing, Brown and Wood
being exceptionally fine. Tunison, a
former Fort Wayne boy, umpired the
game and refused to be bulldozed by
the dictatorial manner of the pitcher and
short-stop of the Saginaw club into
making rash decisions, but gave very
general satisfaction.

The following is the official score from
Louis Schroeder:

SAGINAW.		FORT WAYNE.

minutes—Tunison.

The results of other games were re-
ported by telegraph last night as follows:

was postponed on account of the rain.

A LITTLE RATE WAR.

The Fort Wayne Road Cut the Price of
Tickets into Cincinnati and the
Prospectors are Bright for a
Better Contest.

Connersville is just now the beneficiary
of a lively cutting on passenger rates to
Cincinnati. Full fare, round trip, has
been for years \$3.70. The Cincinnati,
Hamilton and Indianapolis road has
been furnishing free bus transportation
to and from the depot at Connersville,
and this led to the present struggle. For
the past week the Cincinnati, Hamilton
and Indianapolis has been selling tickets
at 75c. or \$1.50 for the round trip. The
White Water railroad will begin furnishing
transportation to Cincinnati for 50c.
or \$1 for the round trip, tickets good
for five days. The other road will doubt-
less make a still greater cut and the war
will wax hotter. The White Water road

is a branch of the Fort Wayne, Cincin-
nati and Louisville road, and the other
line carries passengers from the Grand
Rapids line. The officers of the roads
have been cognizant of the rate war and
the prospects are it will extend to this
city. When people can ride to Cincin-
nati for \$1 then it is time to pronounce
railroad travel a luxury.

POLISH UP.

Health Officer Metcalfe Begins the Whole-
sale Arrest of Sanitary Offenders—
Four Cases Before Justice
France and Two Hun-
dred More to
Follow.

Dr. S. C. Metcalfe, the municipal
health officer, is after sanitary offenders
with a very sharp stick. In the past
two months he has served about 400
notices to obliterate or cleanse disease
breeding nuisances, but only about 200
people responded to his demand. The
doctor waited for sufficient time to elapse
and yesterday inaugurated war against
tardy payers, who have not complied
with his instructions. Justice France
fined Fred Webber, of East Wayne
street, \$13.80 for not attending to a notice
and Ulrich Wilderman, who maintained a
filthy goose, duck and pig joint in the
rear of his home, corner of Charles and
Lafayette streets, got a \$19 dose and
will scour up his premises immediately.
O. Cohn, the Maurice road butcher, and
Theodore Neuman, of 7 Oak street, were
arrested and fined to-day for not comply-
ing with the notice of the health depart-
ment. All other people who have not
complied with the doctor's sanitary regu-
lations will be arrested and their con-
viction is assured. The health officer
proposes to renovate the town and will
not hesitate to arrest all persons, rich
and poor, who do not comply with his
demands.

Yesterday Mrs. George B. Irwin left
her home for a brief call and did not
lock the door. When she returned she
met an old woman coming from the
premises with a basket on her arm in
which she had a number of articles of
wearing apparel. Mrs. Irwin, upon en-
tering the house, at once missed a val-
uable shawl. She pursued the woman
and overtaking her saw part of the
shawl protruding from below her dress,
under which it had been hastily tucked.
Mrs. Irwin at once possessed herself of
her property. The woman was allowed to
go and hastily made off. Another theft
is reported from Hanna street.

For the G. A. R. encampment to be
held at Peru August 4 to 11 inclusive,
the Wabash road quote rates to organi-
zations in uniforms of one cent per mile
each way, and to others one and one-
third fare.

Nervous, dyspeptic individuals, whose
digestive and body make life mis-
erable, if your sufferings have been pro-
longed and increased by the use of bit-
ters and pretended cures of kidney and
liver disease, throw all such nostrums
aside and find health, strength and vigor
in that simple remedy known as "Dr.
Guyard's Yellow Dock and Sarsaparilla."
It purifies the blood, strengthens the
urinary and digestive organs, and infuses
new life into all parts of the body. No
other remedy equals it. Have your drug-
gist get it for you.

A gigantic land fraud has been ex-
posed in Dakota, and J. B. Weeks and T.
R. Thomas, of Huron, arrested for com-
plicity in it. An examination of the land
department record will be necessary to
determine its extent.

May, Fever and Rose Cold.
I can recommend Ely's Cream Balm
to relieve all persons suffering from Rose
Cold and Hay Fever. I have been a
great sufferer from these complaints and
have used it. I have recommended it to
many of my friends for the Catarrh, and
in all cases where they have used the
Balm freely they have been cured.—T.

Buck Mitchell, a negro barber who
